Hi Neil, Aubrey, Albie, Alec

I believe from Jason that it is imperative that the new invoices, (with the new bank details on), and any related communications go out this month – I caveat this with the fact that I understand that Jason wishes to utilise a “confidential” invoice factoring – ideally offshore to manage his / the JET group’s exposure to exchange rates, cashflow and general financial management as well as other services potentially via the same or a similar management company.

If Jason wishes to pursue this route then obviously the factoring company (offshore or not) will need to be setup with the relevant bank details in order to communicate the same to clients.

An illustration of a potential / similar solution FYI / explanatory purposes below.

This may mean that the June billing may not be able to go until a bit later – but I / Aubrey or Jason will revert as soon as we have more information.

Many thanks
George

Subject: billing List Jun-17- new invoice template
Importance: High

Hi Aubrey,

Quick update on biling for May:

- We are charging the May-17 cards today and sorting out any remaining issues with Alec & Anita

Bililing List Jun-17 – next invoice run to be sent 15-18th May

If we are changing over to a new invoice template – from JetGroup or J Earl Trading we need to have the details in place asap this week

- Decide on template design and wording of new invoices
- Customers advised ahead of time about the changes
- If cards are to be charged from JetGroup we will need bank access/authority/card readers etc.

Let me know now if the change is going to be made this month so we can schedule time to enact it all. Otherwise the best bet is to run with everything through RAN again this month.

Thanks.
Neil.
