Without Prejudice

Dear All

As Directors, Shareholder and Interested Parties in the companies listed below, and any affiliated companies.

Realtime Analysis and News Limited
The JET Group Services Limited
The JET Group Limited
Trade The News Limited

It has come to my attention as a shareholder representative for Chandrakant Patel in the above companies both in a direct, indirect and implied state that the newly and or illegally appointed directors of Realtime Analysis and News Limited may intend to liquidate the company.

As all relevant parties are away that upon request of directors, shareholders and their representatives at the time, and in order to "protect the company" a large part of Chandrakant Patels shareholding was assigned to "Others".

This transfer also provides the basis as to the true shareholding that Chandrakant Patel has in the above companies (37%), again entrusted to another (Jason Earl) in the JET Group Limited and JET Group Services Limited.

On this basis Chandrakant Patel will be looking to have these shareholdings corrected, will obtain collaborative proof as to why this was undertaken and under whose request and assurances.

No liquidation or changes should be made to any companies until this matter is resolved, beside reversing yesterdays changes.

Regards,

Mehul

(On Behlaf of and as as Accepted Shareholder Representative for Chandrakant Patel)

Further to the emails below, unless email confirmation is received by 10pm this evening that the actions taken today with regards to the above companies will be corrected (reversed), and that my fathers shareholding that is recognised and irrefutably provable will be transferred to him within 48 hours I will have no other option but to contact the relevant authorities.

This is my attempt to deescalate the current situation.

Those that need to reply know who they are.

Regards,

Mehul

It has come to my attention as a shareholder representative for Chandrakant Patel in the above companies both in a direct, indirect and implied state, that the newly appointed / listed director of Realtime Analysis and News Limited intends to put the company into liquidation.

We would question this action and ask for an external audit of accounts.

It has come to my attention as a shareholder representative for Chandrakant Patel in the above companies both in a direct, indirect and implied state, that a directorial change was made for Realtime Analysis and News Limited. This was undertaken post the email that I sent yesterday evening.

Furthermore it is our belief that this document was not posted or sanctioned by the current and only director of the company. It is also our belief that this document could have been predated.

Companies house will have a digital signature of the upload time.

Our legal team will be in contact.

Regards,

Mehul Patel

Dear All,

As Directors, Shareholder and Interested Parties in the companies listed below, and any affiliated companies.

Realtime Analysis and News Limited
The JET Group Services Limited
The JET Group Limited
Trade The News Limited

It has come to my attention as a shareholder representative for Chandrakant Patel in the above

entities that the company (JET(S)) or one of the affiliated companies is about to enter into an agreement that will severely leverage the company. The company currently has a tax liability due to HMRC (£200k-250k) that it does not have the cash balance to pay.

I also believe that this situation, could be leveraged to take a charge over the companies assets or to become a preferred creditor.

Entering into such an agreement would materially harm the financial stability of the company and have a material impact on shareholders.

I ask listed directors and decision makers to reconsider.

Regards

Mehul Patel
