Dear Mr Peck / Mr Tedstone

Your Client: Cynthia Busfield and or "others" related to "Ransquawk"

Please acknowledge receipt of the email below for your clients information.

Further note I have been informed by Mr Earl that your client has made demands of himself that he is not able to facilitate due to ongoing police investigations that he is aware of and has been contacted about by the police.

Mr Earl / Cynthia / George / Adam

Mr Earl is not in a position to pass onto you companies house codes, banking details or any other material that would further allow you to annex / steal my legitimate shareholdings in all of the entities.

Mr Peck/ Mr Tedstone please clarify if you are engaged / still engaged by Cynthia and or others related to this matter so that you can receive further emails that prove the ongoing dispute and your clients failure to come to a resolution for over two years.

Cynthia / George / Adam, you are 100% aware that the only reason that the business operates is due to the IT services Mr Earl provides and that use of pay as leverage against himself to sign documents is not only incorrect but reminiscent of Georges action against Mr Pettman and Others.

Mr Earl has communicated that he has in the last month also provided IT services that without which the business would have collapsed.

Any failure of the business due to you not paying Mr Earl will be your responsibilities. If you intend not to pay Mr Earl please ensure that you have provided the business with appropriate IT cover.

I again urge that.

1. Your client(s) makes payments that are due to Mr Earl
2. Mr Earl on receipt of these payments you immediately provide IT Services and IT assistance that is required.

3. Your client(s), I, Mr Earl and other stakeholders meet to resolve all outstanding matters.

Regards

Chandrakant Patel

Without prejudice and in the hope of a resolution

Dear Mr Peck

I understand you have been instructed by Cynthia Busfield, and or George Busfield, Adam Voce and the related "Ransquawk entites (companies)".

Mr Earl has reached out to me with regards to his dispute with the companies and your request / demand for company access codes prior to him getting paid his outstanding invoices.

I would like to state that there is an ongoing dispute with the shareholders and that this has been reported to both the Metropolotan Police and the City Of London Police, I attached redacted copies of emails as proof. I assume you will keep these to yourself and not share with your client. The aim is to reach a resolution and not to escalate this matter further.

Mr Earl and your client(s) are aware that my shareholding has been annexed / stolen by your client in the related entities and the police are now examining the facts as are other authorities.

I have requested that Mr Earl not pass on any companies house, and other access codes that would allow your client(s) to further act to my detriment. He has an obligation to do this and I will if required contact the police further to inform them of any such actions. He should of course provide services that are needed for the business to operate such as systems etc.

As your client is aware I have requested over the course of 2 years (can be proven) that your client and I along with other stakeholders meet to resolve this matter, to date your client(s) have refused.

Can I suggest

1. Your client(s) makes payments that are due to Mr Earl
2. Mr Earl on receipt of these payments you immediately provide IT Services and IT assistance that is required.
3. Your client(s), I, Mr Earl and other stakeholders meet to resolve all outstanding matters.

Regards
