Final warning before Enforcement action

We recently made contact about your overdue VAT payment. You still have not paid the amount shown above.

You must pay what you owe now.

If the amount shown relates to a limited company the Director has a responsibility to pay this debt. Doing so is an essential part of putting right its business affairs.

You can view your VAT account by using our VAT Online Services. Go to www.gov.uk/send-vat-return
You can also see your payments and what you need to pay, get help submitting your VAT returns and report changes to your business.

If you do not pay or contact us, we can take action to collect what you owe. The law allows us to do this in a number of ways. We can take things you own and sell them and we charge you fees for doing this. If you do not act now it could cost you more money. Alternatively, in certain circumstances we can take money directly from your bank or building society accounts.

For more information on this, and other options we can use to collect what you owe, go to www.gov.uk/if-you-dont-pay-your-tax-bill/overview

For details of how to pay, go to www.gov.uk/pay-vat
