Hi Jason,

Approved. But remember my approval is solely for the purposes of implementing / illustrating suitable governance controls aligned or enhanced to those that were supposed to have been adopted at RAN as best I understand at least. In any event my approval is ultimately supportive and for goodwill / illustrative purposes and you / we really should discuss getting a suitable JET additional signatory – potentially if you wish to appoint another Director or perhaps a senior employee.

I would advise you should have this in place so that when I cease to support the migration process you already have someone suitable in place to co-sign.

Let's put this on the list for when we next meet but I understand you have someone potentially in mind so speak then.

I have copied Albie Turner in as I am aware you intend to utilise PJM going forward and also Aubrey Hayward, Adam Voce, and Adam Linton – just for their transparency on the need to do this too.

If anyone has any comments on this please feel free to give me a call but I think Jason has in hand / on his action list for later this week.

I do note that you continue to remain prudent in your own earnings withdrawn from the company – this sets a good example to all but assumedly if you are intending to redress at some point (none of my business) then I will leave for you to action – if you require any external views on this or other HR / payment budgets then as ever feel free to approach myself / Aubrey / Adam as always.

Kind Regards
George
