Good Morning Mr Patel,

Your queries will be addressed in due course, unfortunately due to annual leave and illness's over the Christmas period we have been unable to progress things as guickly as we would have liked.

I have shown beyond all reasonable measure that I have tried to find a resolution to this matter, you have shown your emails are only words to defer, delay or not address matters over the course of over 18 months.

Dear Mr. Busfield,

Thank you for the update, you appreciate my skepticism.

On what date will the accounts be available and when can an independent auditor be appointed and have access to company records?

A question regarding your previous email.

Who is it that has undertaken "strategic decisions and accounts adjustment" " adopting efficient and intelligent accounting policies and strategies"?

I can only assume Yourself?

Mr. Turner, is it yourself and PJ Marks?

Mr. Dimitrov, I understand is a handyman by trade that resides at your London address. Ms. Shtereva, is Mr. Dimitrov's partner and resides at your London address. Mr. Williams, you have previously described as an individual with a gambling habit.

Mr. Voce is the owner of a hardware store.

None of the individuals above are qualified to make such decisions and it is known that PJ Marks do not take instruction from them.

 Subject: Re: Real Time Analysis And News Limited Insolvency and Liquidation - Mehul / CP Aside

Dear George

I await the accounts on Monday and a firm date as to when an external auditor can review the accounts and ledgers. I highlight the number of occasions the same has been promised previously over the course of the last 18 months without materialising.

PJM are you now undertaking and responsible for the accounts and their contents? The email below suggests that you are.

As for Mehul, upon receipt of accounts and the appointment of an external auditor he will be willing to open dialogue. You can understand his reservations based on your actions, false promises and lack of actions to date.

I and he wish for a resolution to this matter so will act in good faith but should the accounts not be available and or filed on Monday and a date set for when an external auditor can examine the books, I am sure any third party can see that I/he have done all we can to resolve this matter prior to taking formal action.

Regards

Dear Mehul and Mr Chandrakant Patel,

Just to update you on the progress with this matter.

It was hoped to provide Accounts this week and for them to be filed at companies House accordingly. However, I am afraid I have been unavailable / away for personal reasons but nonetheless my understanding is that it is now fully anticipated that the accounts adjustments are to be finalised over the weekend with the intention of having the accounts to file (with supporting details etc) this coming Monday.

Hence, my apologies on behalf of the company for this slight delay – I copy in P J Marks (the accountants as you are aware) and herein request that you are provided with the appropriate detail / financials etc on Monday accordingly and as appropriate / aligned to the above.

Additionally, I must now please formally and absolutely request that you direct all further correspondence to Mr Albie Turner at PJ Marks on this and related matters (albeit I would also kindly request / suggest that you copy in myself, Mr Voce and the Companies' Directors and Mr Bailey (Legal Counsel) in order we can still try to assist as issues arise and where we / they may be able to facilitate or comment informatively). This is now imperative as for personal reasons I can no longer assure I will get / receive / or be able to review or action emails or other correspondence / communications from yourselves on a consistent, regular or timely basis.

The above said I will endeavour to assist and progress the matter where I can as I am keen for the whole issue and these matters at hand to be resolved across all parties as soon as possible as they are only serving to generate negative and regressive impacts on the business and no doubt across all the individual concerned including yourselves.

One other point perhaps worthy of note - I note I have now repeatedly reached out to Mehul personally and directly (via phone messages / whatsapp) to see if we could perhaps engage / communicate directly to help "fast-track" (or at least maybe facilitate) these various discussions / matters - but unfortunately to date to no avail - although that said the "good faith" commentary in the email below I hope is some sign of positive progress). I would add that I think that in parallel to the direct matters being discussed here that there are and remain many business issues to address and as a "heads up" I may attempt to email Mehul with some thoughts on things that I think would be beneficial and also how he may be able to possibly assist the business if of interest to him as I hear it may be. Perhaps more to follow on this later point.

Again, apologies for the slight delay in providing the Accounting info – I sincerely hope it will be available Monday and I trust it will. Thank you for a few days patience in this regard.

Regards George

Dear Mr. Busfield

Thank you for your reply.

- 1. Please forward an electronic copy of the accounts to this email address, as you state this week.
- 2. Please inform me when an external accounting firm can undertake a forensic audit of the accounts with accompanying invoices and payments.
- 3. "The Jet Group Limited" and "Trade The News Limited" were an oversight.
- 4. I nor Mehul Patel have ever had any shareholding, interaction or undertaking in GCV LTD, this is a private company used by yourself and or Mr. Adam Voce.

Upon completion of points 1 and 2, I will be in a better position to consider your proposed solutions (A-E).

I take your email in good faith and hope it enables us to progress.

Regards

Dear Mr Mehul and Mr Chandrakant Patel,

Similarly thank you for your email below.

We direct and include Mehul and yourself Chandrakant in this email as Mehul has previously always acted as your "Shareholder Representative" in all such matters historically and continues to interact on your behalf with various members and representatives of the business on a regular basis up to today's date / this week. In any event we hope this will actually be beneficial and enhance the ability to progress and resolve matters as are related to the below and as the business now faces.

Accordingly, we hope this email and its content comes as no surprise as it confirms the intent and hopeful aspirations to once again try and resolve this matter amicably as have been shared previously by George and then again very recently by both Mehul and George via the intermediation of Mr Brad Alcini (a long term American associate of the business and independent party to these matters) this week.

You asked for a firm response by close of business today – Friday the 30th November 2018 - therefore we respectfully now herein do so - with relevant commentary (and factual corrections to points you raised) alongside some key concerns for the business today, together with a proposed "firm cash offer" for shareholding(s) and / or the immediate transfer of shares in the related companies' alongside agreement to audit / financial transparency as requested / appropriate. We trust this satisfies your requests.

Ultimately, the intent here is simply to try and resolve these matters ASAP, provide any financials and audit details as to support such resolution(s) and enable us all to get back to where we believe we all should always have been – not infighting in disputes or against each other but focusing on the business together to grow it and yield the aspirations that so many of us have had and set out to achieve when the business left Heron Tower in 2016 because of the wrongdoings of Mr Schneider, Mr Singh and Mr Cheung at that time (but noting Mr Cheung's attempts to assist the business since).

Therefore, albeit we do not fully agree with your requests, in the interests of moving forward and giving you, us, the business and everyone the very best chance of success moving forward we respond and propose accordingly the following with the supporting notes as indicated below:

Supporting Notes:

- 1. The shareholdings discussed herein are in reference to all the relevant entities as relate to "RANsquawk" and these matters and include: Realtime Analysis and News Limited, The Jet Group Limited, The Jet Group Services Limited, Trade The News Limited and GCV LTD. (we are unsure why you excluded "The Jet Group Limited" and "Trade The News Limited" from your recent correspondence but assume was an oversight.
- 2. We understand the shareholdings that you propose and wish to be allocated across these entities are 52.82% Cynthia Busfield, 36.20% Chandrakant Patel,
- 3. We attach a breakdown of the share allocations and calculations as related to the various conversations that have been had in regards to these matters for your information (and noting that these different perspectives formed a key part of why discussions have been ongoing / delayed and communications broken down / been sadly harmed) and reiterate that whilst we don't fully agree with your requests we are willing to agree as indicated in order to enable us to move on.
- 4. We understand further that allocation of non-voting rights to Mr Cheung and perhaps to others / new shareholders may be considered in the future and are happy to discuss I due course.
- 5. A number of weeks ago we were informed and became aware of a corruption, bribery, blackmail and conspiracy to defraud risk at the company and hence sought legal advice at such time and have been aggregated evidence and material since we are hopeful this will amount to nothing and not transpire to evolve but feel important to make parties aware particularly given the hacking allegations raised by Mr Singh and Livesquawk against Mr Earl historically and the other unfortunate history of embezzlements at the company.
- 6. We understand and in principle actually advocate the increased and material inclusion / appointment of Mr Mehul Patel to a key role in the business in the hopeful matter that these issues are resolved.

Proposed Solutions:

- A. We are agreeable to the disbursement of shareholdings in the above entities if our understandings are correct and if not ask you to promptly advise as to any corrections.
- B. We will seek to provide Accounts and financial information to satisfy your wishes as from next week.
- C. We offer $\pm 200,000$ as an alternate compensation for your entire proposed shareholding(s).
- D. We would accept £400,000 for Cynthia Busfield entire proposed Shareholdings noting controlling interest and original positions at RAN.
- E. We would consider variations and / or alternate options should you wish to propose.

And regardless to all the points above, please understand that are primarly and principle wanted objective here is to get back to where we should be. Not behaving like Schneider or Singh, but like decent people finding a decent and fair equitable solution and working together to maximise the opportunity and shared aspirations we have all had. We hope this is where we can conclude and in doing so actually prove the same and make ourselves proud of building something together.

With regards to the re allocation of your shareholding and assuming the shareholders all confirm their agreement, in the interest of processing this ASAP would you like to get your own legal council to draft the necessary paperwork or would you like me to do it, again I am ok either way.

Look forward to hearing from you.

Regards, George and Adam

Subject: Re: Real Time Analysis And News Limited Insolvency and Liquidation - Mehul / CP Aside

Without Prejudice

Dear Mr Busfield.

Thank you for your reply, which directly contradicts your actions, written and verbal communications (of which there are hundreds if not thousands, pre, and post the appointment of the "fraudulent" director's), all of which will be used as evidence to bring you to account. I will also be seeking witness statements from those that are familiar with the matter, of which there are many.

I reiterate you have annexed / stolen my agreed shareholding of 36.2%, this has been undertaken by you and Mr Iviylo Dimitrov with the knowledge of Mr Adam Birbeck Voce. This shareholding has been documented and confirmed by both yourself and Mr Voce and can be proven beyond all reasonable doubt.

I reiterate that you have appointed Mr Ivilyo Dimitrov and Mr Richard Williams to enable yours and Mr Voce's actions as shadow directors. You have in fact stated that they are willing to go bankrupt and or to prison on yours and Mr Voce's behalf (this can be proven beyond all reasonable doubt). There are evidence bundles that show beyond all reasonable doubt who controls the companies and shareholdings and who has undertaken all actions and with whose support.

I reiterate that Cynthia Elisabeth Chenhalls Busfield and George Eaton Busfield are the ultimate beneficiaries of the annexed / stolen shareholdings along with others that you have previously named and documented as shareholders under your shareholdings, those being Mr Birbeck Adam Voce and Mr Jamie Rigby Voce.

I reiterate I would like full transparency of accounts and a full independent audit of the company. This includes but is not limited to the monies taken from Realtime Analysis and News Limited and The Jet Group Services Limited into GCV LTD. I note the subtle but effective spelling mistake in Mr Dimitrov's name to not connect the two companies at Companies House.

I intend to hold Mrs Cynthia Elisabeth Chenhalls Busfield, Mr George Eaton Busfield, Mr Adam Birbeck Voce, Mr Jamie Rigby Voce, Mr Ivilyo Dimitrov, Mr Richard Williams and any other third party appointed by yourself jointly and severally liable for the annexed / stolen shareholdings, and or damage caused to the business by their actions and or interference. I will be seeking an independent audit of damage caused to the business and an independent calculation of the financial value of this upon my shareholdings.

I will give you until close of business on Friday 30rd November 2018 to propose a firm solution to this matter. This should involve a firm cash offer for my shareholding to be paid immediately or the immediate transfer of my shareholding in all of the companies' combined with the audits listed above.

After this deadline, and considering the elapsed time from your initial actions, and lack of actions to correct this with regards to the above shareholdings I will pass this matter on to the relevant authorities.

This communication with an evidence bundle will be used to demonstrate to a judge that I have tried to resolve this matter prior to legal action over the course of several months.

Regards

Chandrakant Patel

ASIDE: Dear Andrew (Andrew.Andronikou@quantuma.com),

Apologies, I am not sure why you are copied in to these emails, I think perhaps an admin error, but so far as I am aware these matters do not concern yourself and therefore I would be grateful if you would ignore and keep the contents herein confidential. Many Thanks. George

wany manks. George

Dear Mr Patel,

For the avoidance of doubt this response is sent on an open basis (as I understand is your email below of 29 Oct 2018) and is on behalf of myself only and should not be interpreted in any way as to be representing any other entity, company and / or individual as referred to in your email, or this response, or otherwise.

Please further note I have removed all prior email correspondence you included / attached / forwarded with your same email as below as that content was shared by the various parties on a "without prejudice basis".

Relatedly, please kindly respect the legal privilege and benefit afforded via the "without prejudice" legislation (i.e. please do not include, forward, annexe, attached or included such "Without Prejudice" correspondence in communications sent on an open basis).

As I am sure you are aware it is inappropriate but more importantly it undermines the advantages it can potentially provide to yourself and others. Thank you in advance.

Out of courtesy to yourself, I summarily respond as follows and can only hope on this occasion you take this email in the manner intended – i.e. non-confrontational and hopeful that things can be resolved amicably (albeit I will no longer be involved as per explanation below).

- Firstly, just to be clear my recent involvement with these matters was provided voluntarily and informally essentially to try and help repair what were valued relationships and to try and assist in enabling parties to resolve asap, move forward positively and ideally get back to working together.
- That said, I am afraid I cannot agree with a number of statements made in your email below (and in prior correspondences) and to be honest my understanding is that neither can any (or at least the majority) of the professional advisors or other stakeholders you refer to but of course this is for them to advise / confirm.
- Regardless, my own view is that it seems very sad that some relationships have been damaged particularly given I believe that this is actually only down to some poor communication as to anything else.
- In my opinion it is inevitable that people may have differing views on any given matters in life its entirely normal I would suggest but don't intelligent decent

people simply try and discuss together and find a resolution – surely formal routes and allegations / insults have proven and only seem to result in discourse and a situation where everybody loses? Is at least my perspective from recent years.

- So, I suppose all I can say is that my prior correspondences and own overarching view on the current situation is that it is as I say very sad, and my efforts were only intended to try and bring you / others back to the table and try and engage in a mature discussion and honour the integrity that I perceived existed between relevant parties.
- However, I have now repeatedly tried to help recover, repair and / or positively move matters forward to try and help all parties address their differences like
 adults sensibly, proactively and amicably and to the benefit of all yet at each turn you (as Mr Chandrakant Patel and / or Mr Mehul Patel) only seem to
 repeatedly revert with confrontational and overly formal responses that conversely show no attempt to reciprocate the goodwill and harmonious efforts that I /
 others have offered so I am afraid the truth is I don't really know what else I can do.
- Hence, primarily for personal reasons (such as my need to focus on my own health and to also try and support my immediate family given a recent brain tumour diagnosis therein), and the need to try and help where I can n other projects, but also because my efforts don't seem to be helping (and to be honest if anything seem to be aggravating matters), I think best I step back from trying to help on these matters or corresponding with yourself directly. You personally know other points of contact if you do wish to try and adopt an amicable approach such as I refer to above and I hope you do.
- Otherwise, I suggest now best to address your correspondence to the formal officers or other persons connected to the companies you refer to such that formal responses can be provided as appropriate.

I hope you will at least appreciate the time taken herein to reply with honesty and respect.

I will not revert or address these matters directly from hereon in but I still hope decency, integrity and intelligence will prevail. Kind Regards,

George

Subject: Re: Real Time Analysis And News Limited Insolvency and Liquidation - Mehul / CP Aside

Dear Mr Busfield, The various interlinked companies' advisors, and those copied into this email.

As Directors, Shareholder and Interested Parties in the companies listed below, and any affiliated companies.

Realtime Analysis and News Limited The JET Group Services Limited The JET Group Limited Trade The News Limited

I fundamentally do not believe that Realtime News and Analysis Limited is insolvent and that this process is being undertaken to benefit individuals and not the companies and or legitimate shareholders.

To be factual, you are all aware of the history of the interlinked companies and that Mr. George Busfield is in sole control of all of the interlinked companies assisted by Mr. Adam Voce when required. He is using the identities of Mr. Dimitrov and Mr. Williams but all decisions, commitments, and instructions to yourselves are undertaken by him.

I would like the immediate transfer of my shares in all companies as agreed and is well documented. Mr. George Busfield using the identities above and others has annexed these shareholdings.

Advisors should consider their positions, you are all fully aware of the shadow director(s) controlling the companies listed above.

To be very clear if other shareholders believe that the company is insolvent I am willing to, upon inspection of the accounts, ledger's and company documents purchase all outstanding shares for a nominal sum and satisfy any outstanding commitments of the company Realtime Analysis and News Limited, and or any of the other companies listed above.
