Oh dear,

I can't help but wonder if someones overly fragile ego might have been rattled. Poor snowflake.

I'm struggling to grasp what you were actually offering in the first place? So on that basis I'm struggle to see what what anyone had to gain, as you've offered nothing of any value in the last 12 months other than a bunch of dubious accounts that took 15 months. Not even our own accountants would put their name against these despite the huge costs incurred. I can't help but think this smells like a rat.

Just to recap. I was the one who suggested the offer of meeting up face to face on the premise to bring things out of deadlock. Mostly because alternative options were unpalatable, particularly for yourself. However I can't help but think you were never had any intention to meet because if you had the remotest intention to resolve shareholder & HMRC matters you would have acted very differently over the last 16 months. Yet, now you're trying to make out you're the generous one who's making the effort? Despite the fact you're the one who repeatedly falls out with all current and previous staff. All this while you continue to prattle about "respect" and "principles" from that moral high horse of yours. Be careful you don't fall off, I'd hate to think what will happen to that fragile ego.

Stop giving us tripe about your mother. Are we all that stupid to think a 70-ish year-old mother is some 3am caps-lock keyboard-warrior writing those long incoherent vexatious emails to senior staff? We all know she's not in any way involved, so your court-jester logic fools no one but yourself. You are merely using her name because you're too much of a coward to use put your name on the tin. One has to ask why that is?

I guess you can lead a horse to water, but you can't make it drink.

J.

Dear Mr Earl, Mr Mehul Patel, Mr Chandrakant Patel and All,

Please take notice that with immediate effect, as at the time and date that this email is sent, I hereby absolutely rescind any and all prior offer(s) as were made and/or inferred in my email to Mr Earl on Wednesday, August 28, 2019 06:16 AM, (such as included below for the avoidance of any doubt).

Whilst I voluntarily made such offer(s) as detailed in said correspondence (i.e. via the email to Mr Earl on Wednesday, August 28, 2019 06:16 AM) in good faith, and with the genuine hope and aspiration to try and enable Mr Earl, and concurrently (and/or subsequently) Mr Mehul Patel and Mr Chandrakant Patel to engage in either direct sensible and professional discussions, and/or face to face negotiations, with the other key individuals associated – ultimately such as to try and enable all relevant parties to attain prompt and low cost resolution(s) to the various related disputes and conflicts regarding the businesses known as “RANSQUAWK” and “TALKING-FOREX” respectively, (and the various associated companies and entities of relevance thereto), unfortunately I now conclude categorically that such is untenable.

My rationale and reasoning for this definitive rescission is essentially based on my own health, personal considerations and principles.

In the first instance, I was dismayed by the overwhelming negative response(s) to my said offer(s) - despite such clearly and evidently being relayed in goodwill and simply so as to try to assist as indicated above.

Yet, notwithstanding these above disappointments, it was still only today that I concluded adamantly to rescind said offer(s) categorically – and thus such as I relay herein.

My final decision was based on the fact that I am absolutely and categorically unwilling to advance such efforts and generosity to any parties (as include specifically Mr Earl), when Mr Earl repeatedly demonstrates complete and utter disrespect for my mother who not only warrants respect in her own right but also deserves such via her position of a Director of a number of the relevant various entities hereto. This is completely unacceptable to me and the principles I aspire and retain personally, and thus my conclusion and rescission as I relay herein is final.

I will however do my upmost to continue to complete correspondences as are current and as I am engaged in and also to assist my mother and Mr Voce and other lawful parties as best I can in regards to these matters, however, I will not engage or respond to any further communications regarding my offer(s) as outlined above herein.

George.

Dear Mr Busfield

Perhaps you could apply the same deadline to returning my annexed / stolen shareholdings.

Perhaps you could also provide the transparency to the accounts as has been promised for over 18 months

Perhaps you could also explain why VERSA have been paid for audited accounts but these were not submitted.

Perhaps you could explain why the accounts do not reflect the taxes due to HMRC as pointed out by Mr Voce during his London Visit.

Perhaps we can get past the fact and put right that a Bulgarian builder and an alcoholic gamblers identities are being used by yourselves.

IF ANY OF THE COMPANY ADVISERS WOULD LIKE TO REVIEW EVIDENCE (MR BUSFIELDS OWN WORDS) THAT PROVES THAT MR BUSFIELD IS USING THE IDENTITIES OF MR DIMITROV AND MR WILLIAMS UNDER THE GUISE OF "WILLING TO GO TO JAIL" ALONG WITH MY TRUE SHAREHOLDING 36.2% I AM WILLING TO PROVIDE THIS IN PERSON. #KYC #AML

Regards

Chandrakant Patel

Subject: FINAL ATTEMPT TO ENGAGE IN DIRECT DISCUSSIONS WITH MR EARL TO TRY AND "FAST-TRACK" RESOLUTIONS TO IMPORTANT MATTERS AT HAND RE: RANSQUAWK ETC (by GB)

Dear Jason,

I send this email as I hoped I would be able – so as to reiterate and support the correspondence(s) and aspiration(s) as I sent to you via text messages yesterday.

I attach a copy of such text messages to this email - as reference for yourself and the additional parties I have respectfully copied in. I trust you will understand that your willingness (or not) to accept the offer(s) and or proposition(s) therein – *i.e. effectively in summary to engage in direct discussions so as to try and fast track resolution(s) to a number of issues and matters as are at hand regarding the relevant entities and parties* – will not only affect the relevant companies and businesses but also many (if not all) of these individuals significantly (including their abilities to interact and seek resolution(s) between them on various directly related and or non-related matters).

Notwithstanding the above, on consideration this morning, I think there is likely little value in again repeating the detail of the content, thoughts, propositions etc such as I have already relayed in my said text messages of yesterday, and also in our two hour conversation this last week or so and indeed prior text messages to yourself earlier this month – particularly as ultimately I realise that effectively they have all been proposing the same objective – to offer you the chance to engage in direct discussions to try and ‘fast-track’ resolutions regarding matters at hand and specifically as relate to yourself.

Hence, I think, it is best to simply now yet again state, but for what must now be the definitively last occasion (at least and absolutely by myself at least), that I, my mother, Mr Williams, Mr Voce, Mr Dimitrov and likely many others (including “the interests of the relevant businesses’ and companies’ ”) openly and transparently hope that you will accept such offer / proposition for the reasons stated and as further detailed in the same text messages as are attached.

I note that I understand there are various matters and emails regarding an array of matters that may be relevant and connected materially or partially to the discussions herein proposed, but it is not my intent to refer or address or comment on any such. Indeed, as above, and as per my text messages and the prior discussions and messages mentioned above, I am simply sending this email to reiterate my offer to try and assist in seeking aforesaid inferred resolution(s) by asking you to engage in direct discussion(s) with either myself, my mother, Mr Voce or an alternate party or forum as you may prefer.

However, as said, this has to be my last endeavour to present this / these offer(s) / proposition(s) to you as I have now tried on repeated occasions and unfortunately without any success or progress of significance that I am aware of. Accordingly, I will leave this offer to you open for 48 hours, and given I am sending this email now at circa 07:00 on the 28-08-19, then I think fair to extend the timeframe respectfully to that relayed in the texts yesterday, and thus confirm that my offer(s) herein are available to you until 07:00 on Friday the 30th August 2019.

I hope you will positively reply by such time – and please note that such a deadline – is not intended to be aggressive but merely a point in time that enables myself, and indeed you and others, to conclude if such direct discussions are possible. Nonetheless, if I don't receive a positive response and willingness and wish to engage in any such type of discussions as offered herein and or via my attached text messages by said **07:00 on Friday the 30th August 2019**, then I will step back and cease to engage and try and assist in such a manner respectfully.

I would be grateful of a reply either way if you would be so kind.

Once again, and for the final time I leave the above with you for your consideration and action / non-action as you conclude / wish.

George
